## **REFLECTIONS**

*During World War II, a US marine was separated from his unit on a Pacific island. The fighting had been intense, and in the smoke and the crossfire he had lost touch with his comrades.*

*Alone in the jungle, he could hear enemy soldiers coming in his direction. Scrambling for cover, he found his way up a high ridge to several small caves in the rock. Quickly he crawled inside one of the caves. Although safe for the moment, he realized that once the enemy soldiers looking for him swept up the ridge, they would quickly search all the caves and he would be killed. As he waited, he prayed, "Lord, if it be your will, please protect me. Whatever your will though, I love you and trust you. Amen." After praying, he lay quietly listening to the enemy begin to draw close. He thought, "Well, I guess the Lord isn't going to help me out of this one." Then he saw a spider begin to build a web over the front of his cave. As he watched, listening to the enemy searching for him all the while, the spider layered strand after strand of web across the opening of the cave. "Hah, he thought. "What I need is a brick wall and what the Lord has sent me is a spider web. God does have a sense of humor." As the enemy drew closer he watched from the darkness of his hideout and could see them searching one cave after another. As they came to his, he got ready to make his last stand. To his amazement, however, after glancing in the direction of his cave, they moved on. Suddenly, he realized that with the spider web over the entrance, his cave looked as if no one had entered for quite a while. Lord, forgive me," prayed the young man. "I had forgotten that in you a spider's web is stronger than a brick wall."*

*We all face times of great trouble. When we do, it is so easy to forget what God can work in our lives, sometimes in the most surprising ways. And remember with God, a mere spider's web becomes a brick wall of protection.*

## Pastor's Notes

*This Fall we are taking a significant step in a new direction concerning our Sunday School program. For several years we have been evaluating the benefits of using a curriculum developed by Bethlehem Baptist Church in Minneapolis. Mary and I were privileged to be teachers in the pilot program that became the "Children Desiring God Curriculum."*

*Bethlehem Baptist, like many other congregations, was not happy with the traditional resources available. Our own Sunday School department has struggled with the same issues that led Bethlehem Baptist Church to develop their own curriculum. We certainly affirm the underlying motivation of Bethlehem Baptist to develop and more God-Centered curriculum.*

*"Our aim is to impart to children a vision of God, who He is, and who we are in relation to Him, and to establish them with a foundation of doctrine and truth. We want them biblically grounded, seeing God as the hero of every story, with a God-centered world view and a faith that will hold them when the days of testing come. We want them to love the Lord their God with all their heart, and to delight in Him forever."*

*It has taken us several years to make the decision to move ahead with this curriculum for a couple of reasons: the initial investment involved and the additional preparation time that might be involved for our teachers. But the Sunday School Department and the Council share the conviction that this is the right time to take this step. As your Pastor, I am excited about this decision. Using this curriculum will allow us to continue to build on the solid foundation that has been laid over the past few years to make the Christ-Centered, Bible-Centered instruction of our children a top priority for us as a congregation.*

A message from Desiree and Danielle about their Mission Trip:

This was mine and Danielle's first mission trip. We were both a little nervous not knowing what to expect, and the thought of spending time with people we did not know was kind of nerve racking. We went to Kansas City Missouri, and stayed at a church for the whole week. The staff was very welcoming and nice. There were also other groups from different states and towns that were with us. The first night we got split into different "krews," mixing all of us with different people. And not long

into the week we had many new friends. All the "krews" had different tasks to do during the week. Danielle's krew helped paint an elderly residents shed and part of her house which took two days. Then the other days they went to Operation Breakthrough which is for children to go to while there parent(s) work. There were around 200 kids that went there everyday. My "krew" got to do three things during the week. We got to go to The Upper Room. This is where children go during to summer to help them learn to read better for the school year. We got to assist them and help them read. Next we went to the Clare Manor Nursing Home. This nursing home was not only for the elderly, but also for the older people who have/had drug addictions, or other problems. We visited with the residents and played games with them. We heard many stories, and got lots of advice from them because of what they had gone through in life. The last place my group went to was the New House. This was a home for women and children who were seeking shelter from an abusive relationship. Because of poor funding and not much money, the facility cannot hire the help that is needed. So we cleaned some offices and staircases for them.

During the week we had a theme. It was FREE. We talked about what we had in life and how we should be thankful because there are many that are less fortunate then us. Also we talked a lot about how God gave his life for US. We should be thankful for everything in life, and give back to the Lord, which can be done in many ways. Such as helping others. We took time to think about things that were getting in the way of our relationship with God, and how we can change that. Maybe you could ask yourself the same question. What's getting in the way to put your faith in God, and praise him?

This was a wonderful week. Danielle and I were very happy that we got to go, and felt like we got a lot out of it. It has brought us closer to God, and realize many things. We are both thankful for this experience and hope that we could go to another mission trip sometime again. It has opened our eyes. We made many memories and many friends during this trip, it was truly wonderful.

With love,

Desiree and Danielle Strassburg.
